Ernest E. Hunt, President  
Catskill Mountain Railroad Company, Inc.  
PO Box 1415  
Kingston, NY 12401

Dear Mr. Hunt:

This letter is to acknowledge receipt of your May 12, 2017 correspondence regarding the Ulster & Delaware Railroad Corridor.

As you are aware, the U&D Corridor policy established by the Ulster County Legislature pursuant to Resolution No. 488 of 2015 included continued railroad operations in the Eastern Segment, which is now under permit to CMRR, and also provided for the development of the Ashokan Rail Trail project.

The County is aware of the CMRR's positions as highlighted in your correspondence. However, the current policy for the U&D corridor segment from Basin Road to Route 28A in Boiceville is for trail only, and the County will continue to work to implement this and other parts of the Legislature's policy on this matter.

Sincerely,

Christopher White  
Deputy Director
